Essay :-

⑤ Neplease Culture

We all know that Nepal is the country having lots and lots of culture, tradition, festival etc. Nepal is one of the ~~to~~ unique country. People follow different types of culture, tradition, or festival. They don't discriminate each other in the name of culture. Now, Lets talk about the Neplease culture. differently

Culture is those things which are followed from one place to another place. Nepal is also multilingual, multi culture country. So, people have different culture. Nepal is divided into 3 geographical region. In that geographical region people have different cultures. In ~~himation~~ himalayan region people have different, hilly region have also different where as terai region have also different. People of different religion, castes have different cultures. Different castes such as Brahmin, Chhetries, tharus, Newars, have different cultures. eg:- Brahmin's and chhetries are ~~the~~ the castes who have the culture to wear Guynu choli and put phuli at nose where as ~~newar~~ newar used to wear newar used to wear hakupatasi, usually black coloured sari having red border and don't put phuli at nose. Tharus ~~are~~ the have the culture to wear sari. Culture ~~vari-~~ varies from ~~culture to culture~~ culture to culture community to community or place to place. Culture takes place ~~•~~ • People are ~~being~~ being happy and enjoying with their own culture. In different countries like pakistan, Afghanistan etc. In this country fight for their culture. So, the people are being discriminated in

those country. But in Nepal people don't do so. They enjoy each other's ~~count~~ culture.

Conclusion: Nepal is only the country that don't fight for their ~~ett~~ culture. Nepal is also rich in culture. Many internal and external tourists likes to visit in Nepal to see culture. Nepal also can earn forigen currency for the development. By using that money nepal can ~~be~~ develop their culture by giving ads on T.V, to develop more and more in the world.
